(latest slide deck here)

What would you do when faced with these potential (digital) opportunities?

- Refugee crisis - need wifi, need battery/power, need Jesus
- no known student movement on campus
- "closed" country where everyone has a smartphone
- 2000 people searching I want to die
- 50,000 contacts waiting in, desiring follow-up in developing country

(latest slide deck here)

What it's NOT:

- > a technical workshop (no coding, tech skills required but bring your creativity!)
- > a theological class (though you'll gain some biblical foundations on why digital is so critical to our mission)

What is Missional Hacking?

What this Seminar is about:

- > sowing your digital passion, talent or skills into the mission field
- > stories of how others have done it, and what they learned
- > steps you can get started

Stories of Impact

We're Priests

(1 Peter 2:4,5)

1 Peter 2:9-10

But you are the ones chosen by God, chosen for the high calling of priestly work, chosen to be a holy people, God's instruments to do his work and speak out for him, to tell others of the night-and-day difference he made for you—from nothing to something, from rejected to accepted.

The Message

Hacking is Priestly Work!

"But you are the ones chosen by God, chosen for the high calling of priestly work..." 1 Peter 2:9

We are priests...

- Chosen...
- Equipped...
- Commissioned...

we are competent...
for that

And that we are competent in ourselves to do anything for ourselves, but our competence comes from God.

He has made us competent as ministers of a new covenant—not of the letter but of the Spirit, for the letter kills, but the Spirit gives life.

2 Corinthians 3:5,6

Worship is the priest's FIRST and FOREMOST occupation

We're Priests

(1 Peter 2:4,5)

As priests, we are:

- Cleansed
(redeemed + saved)
- Clothed
(with Christ's righteousness)
- Consecrated
(for His service)

Exodus 29
