

Would you like help launching your Seeker Bible Study?

InterVarsity Staff and Students, you can sign up for a coach at <https://evangelism.intervarsity.org/coaching>

Learn more about Seekers

Since 2008, we have been helping thousands of friends explore the process of faith together. Many people think Jesus is cool, but faith seems abstract and unreachable. We will break this process down into 5 understandable stages, and give you practical advice for how to help your friends move through each "threshold."

This page has more practical advice to help you and your friends move through each of the thresholds. Start with the video, practice your skills in the 2nd and 3rd threshold, and, for IV students and staff, get coaching!
